A NEW VISION FOR TAMWORTH TOWN CENTRE

CONSULTATION

We knew the town centre had to change and adapt. So we asked people how as part of a huge engagement campaign in 2019 called 'Tamworth... What's Next?'.

PREPARE BUSINESS CASE

The Government liked our EOI and gave us £150k to develop our proposals. This involved creating new strategic partnerships with various town centre landowners and organisations.

EXPRESSION OF INTEREST

We worked with partners to draw up a number of potential projects which could achieve these goals. EOI submitted to FHSF in March 2019. This included a summary of the ideas suggested by Tamworth people.

SUBMIT FULL BID

Once all the feasibility studies and research had been carried out, we submitted our full business case, based on strict bidding criteria. This was in July 2020.

YOUR NEW TOWN CENTRE

Tamworth's brand new, more diverse, more vibrant town centre unveiled!

DELIVERY

Building work will begin. This is likely to commence in 2023.

PLANNING

Each of the projects must now go through full design, planning and contract phases. This will include further consultation on individual planning applications. Expected 18months-2years.

BID OUTCOME

Impressed with our bid, Government awarded us £21.65m to deliver all the projects we submitted.
